

DOZE
SOFA
design Rodolfo Dordoni
2014/2015

Doze is a system of modular sofas, designed in 2014, expanded with the version Doze Flat in 2015.

The modular units can be combined to form linear compositions, corner units or with lateral extensions allowing it to adapt to a wide range of different-sized spaces and environments. Compared to Doze, the differences in the Flat version lie exclusively in the more compact size of the compositions, achieved by reducing the thickness of the armrests from 25 to 17 cm. The unusual feature of the Doze system is the extraordinary degree of comfort normally found in the bed, thanks to the slatted base, the luxurious padding with springs and the special layer of breathable fabric.
